Postdoctoral Fellow
Health Psychology, UCSF

Friday, May 25th
12:00 pm – 1:30 pm

Bette Caan, DrPH
Division of Research
Kaiser Permanente

*Calcium, Vitamin D, and Prevention
of Postmenopausal Weight Gain*

UCSF COAST Mission

To reduce the prevalence and adverse consequences of obesity. This will be accomplished through innovative interdisciplinary research, education, clinical care, and community interventions. These efforts span from biological to socio-cultural and environmental contexts, from children to adults, and from prevention to treatment.
